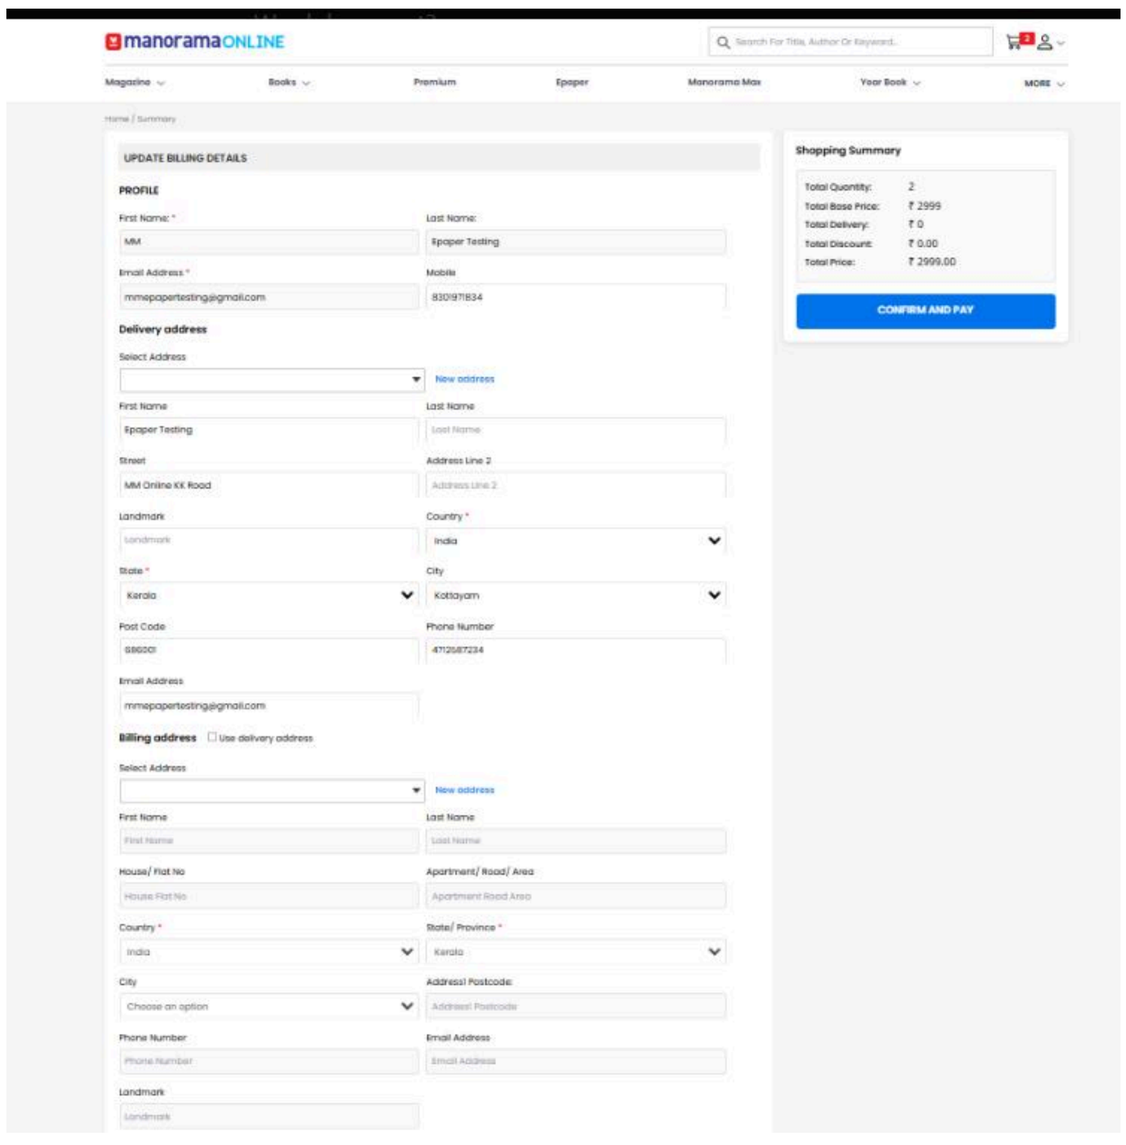
The checkout page feels heavy, which may increase cognitive load and drop-off rate.



1. Simplify Billing Address Section

Billing address same as delivery (default checked)

Show billing form only if unchecked.

2. Remove Unnecessary Fields

Remove Last Name” if not mandatory.

Avoid collecting duplicate Email & Phone in both delivery and billing.

3. Smart Address Auto-Fill

Auto-fill Country & State based on user location (if permitted).

Or

Collect Pincode first → auto-fill State & City.
