The checkout page feels heavy, which may increase cognitive load and drop-off rate.

### 1. Simplify Billing Address Section

Billing address same as delivery (default checked)

Show billing form only if unchecked.

### 2. Remove Unnecessary Fields

Remove Last Name” if not mandatory.

Avoid collecting duplicate Email & Phone in both delivery and billing.

### 2. Smart Address Auto-Fill

Auto-fill Country & State based on user location (if permitted).

Or

Collect Pincode first → auto-fill State & City.
